DETAILED ACTION

This is a third office action for serial number 10/658649, entitled Structural Thermal Framing and Panel System for Assembling Finished or Unfinished Walls with Multiple Panel Combinations for Poured and NonPoured Walls, filed on September 9, 2003.

Applicant's request for reconsideration of the rejection of the last Office action is persuasive and, therefore, the previous rejection of that action is withdrawn. The applicant pointed out that the priority statement required by the previous office action was within a preliminary amendment filed 9/9/2003, of which the examiner had mistakenly overlooked.

Allowable Subject Matter

Claims 1-8 are allowed.

The following is an examiner's statement of reasons for allowance: within claim 1, prior art does not disclose a method for assembling a wall comprising the steps of attaching a first slotted connector angle with slots spaced at a distance to a floor, providing a stud element with first and second flange elements with bottom and upper tab elements at the ends of the stud elements, attaching a wall panel to the first flange element of the stud element, inserting the bottom tab element of the stud element into a slot of the connector angle, attaching the second flange element of each stud element to the previous wall panel and attaching a second slotted connector element to the top tab elements of each stud element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christy M Green whose telephone number is 703-308-9693. The examiner can normally be reached on M-F 8:00-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl Friedman can be reached on 703-308-0839. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
